AFFIRMATIONS FOR DIVINE GUIDANCE

I am always safe, held, protected and taken care of by the all prevailing light of the divine.

I am provided for on all levels of my existence and at all times. So that I can fully focus on my path of ascension and self- realization.

The divine presence is guiding me every step of the way - even though my conscious mind might not always perceive it that way, though within me and around me is the divine presence, always and forever.

There are no right or wrong choices but only learning experiences. Everything that I experience in this realm is happening to me in order to bring me further into remembrance of my true self.

Fear and lack are limiting patterns that are not part of my reality. If these patterns arise in the consciousness field I can transmute them instantly into the all prevailing light.

I live in total trust, surrender and faith to god and my pathway of ascension. I am able to catch any limiting thought that says differently and release it to the source light.

I walk the earth in complete openness ready to receive and follow the next steps that are given to me by my divine guidance. I am here to be of service to the divine plan and will follow the guidance in complete trust.

Self realisation is my birthright. I am ready to fully surrender into unity consciousness and therefore fulfill the divine plan.

AFFIRMATIONS TO TRUST

I am the light of god walking within the presence of the divine.

I completely trust that all that happens to me is for a greater reason and is a blessing, even though I might not always realize it in the moment.

I have faith and trust that I am guided by a greater force that is leading me to the remembrance of my true self.

I trust that I am on the right path and everything is clearly laid out for me. As I allow myself to surrender into trust is all that I need to do only to walk through the doors that are opening in-front of me.

I release all control and surrender to the flow of love that is guiding me and is constantly healing me.

I feel safe in the unknown and I release the need to know and control the outcome or what the future brings. The present moment is my home and all I want is already here and within me.

Divine Presence is guiding my way always and forever. I am a vessel for the Divine Presence and therefore all that I have to do is to relax into the present moment and allow the Divine to do the rest.

I am within the consciousness field of Creation.
Therefore am I never alone and always in union with something greater.

AFFIRMATIONS TO ABUNDANCE

What I seek now seeks me.

My life is in abundant overflow on all levels of my existence.

Money comes to me with ease, grace and effortlessly in the highest and best way for my evolution.

Money is my good friend and I embrace it on all levels. I am so grateful for all that I am given continuously.

I am always provided for and my needs are met with overflow. I am in perfect health, balance and harmony.

I now choose to release any old patterns of lack and poverty that are hindering my spiritual growth. To live in a high frequency means to live in abundance.

I claim my divine inheritance to be returned to me and I understand that to live in abundance on all levels is my natural state and birthright.

Mother Father God is my provider. All I need to do is to align myself to this highest truth and the rest will be taken care of by itself.

Generosity is what creates more abundance. I give in gratitude and without holding on to anything. A perfect flow can only be created through giving and receiving.

I am completely open to receive the overflowing love that surrounds me, on all levels of my existence.
