About Lady Nada and Lord Sananda

Formerly embodied in their Last incarnation as Jesus and Mary Magdalene, Nada and Sananda both work together to assist the Earth and the evolution of humanity towards Ascension through the pathway of unconditional love on the Sixth Ray of service and ministration of the Love of Christ.

Ascended Lady Master Nada is Chohan of the Sixth Ray along with her beloved twin flame, Lord Sananda. Together, they embody the Purple and Gold Ray of peace, service, ministration, and true brotherhood. She holds the energy of Divine Love for humanity, along with Lord Sananda, and works very closely with him. She is also known as the Goddess of love.

Lady Nada oversees a retreat, which is situated in the etheric realms above Lake Titicaca at the border of Bolivia and Peru. Ascended Masters Mary (known as Mother Mary), Kuan Yin, Pallas Athena, Lady Venus and Lady Portia (Saint Germain's twin flame) are all working closely together in that retreat. From this place in Bolivia, they distribute powerful feminine energies to our planet in order to balance the distortions still existing between the masculine and feminine energies. There is a strong emphasis at present time on restoring the balance between the female and male polarities within ourselves, within our relationships and in the world.

Many of these female Masters are working to help us with this task so vitally imperative for the Ascension of humanity. Unless humanity begins manifesting more balance between the masculine and feminine expressions of power in the world, we will not easily experience the changes in consciousness which must take place before the period 2010-2012. The long awaited Golden Age can only manifest when divine balance between the male and female polarities becomes a reality on the planet.

Lady Nada tutors candidates for Ascension in mastering the God qualities of the solar-plexus chakra and preparing to receive the gifts of the Holy Spirit. Nada is also a messenger for Lord and Goddess Meru, the Manus of the fourth root race, whose retreat and Temple of Illumination is situated at Lake Titicaca, South America.

Lady Nada has a certain cosmic authority for the incoming age; healing is one of her services to mankind, as well as the use of the Pink Flame. Her symbol is a pink rose. Nada is also a member of the Karmic Board, a group of eight ascended masters and cosmic beings who dispense justice to this system of worlds, adjudicating karma and mercy on behalf of every soul.

Through both these offices in the Great White Brotherhood (*Chohan of the Sixth Ray and member of the Karmic Board*), Nada teaches the path of personal Christhood by expressing love through ministration and service to life. She assists ministers, missionaries, healers, teachers, psychologists and counselors of the law. She represents the Third Ray in her position with the Karmic Board. Lady Master

Lord Sananda
The Initiator of the Christian Dispensation

Lord Sananda represents Divine Love and the Higher Realms of Spirit. He is the symbol of Christianity for the Christian dispensation. He represents the Ascension process of Humanity rising back to the Godhead. In his primary role, he holds the office of "World Teacher" along with master Kuthumi. Master Jesus/ Sananda has the task of purifying the distorted teachings initiated by the fears of the early fathers of the Christian churches and removing the man-made dogmas and doctrines which have corrupted the purity of His teachings, almost from the beginning, 2,000 years ago.

Regardless of your religion, you may call upon Lord Sananda to assist you in any area of your life. He is still forever present in consciousness with all of us personally and collectively. As the Hierarch of the Piscean Dispensation of the past 2,000 years, he now works closely with Master Saint Germain, the Hierarch of the Aquarian Age of the coming 2,000 years. Together, they form a great team sharing the same goals.

Whether you believe that Jesus/Sananda is the only Son of God, or whether you consider him an Ascended Master who came to Earth as a World Teacher and Healer, you may call upon Him for assistance. Indeed, he came to Earth to create a new philosophy that will eventually unite mankind with the Source of their Divinity. During his life as Yeshua Ben Joseph (Jesus), he did not advocate any new religion, only living from the Heart and embracing one's own divinity.

Unfortunately, the Christian churches have distorted most of His original intention to teach us the simple ways of embracing one's own Christhood. Lord Sananda intended that God's Love and Wisdom be taught in a way that would be comprehensible for all to understand and integrate. His teachings were meant for everyone, not just for those who considered themselves more educated and appointed themselves as authorities, desiring to control and deceive humanity with false doctrines.

Lord Sananda is now more active than ever in teaching humanity the true concepts of the Christ consciousness which is manifested in its full splendor in Telo's and all Cities of Light. It is time to seriously question the outdated teachings of Christian churches and seek the real Truth. It is certainly not the greatest soul wisdom to rely uniquely for "one's salvation"

on the old, outmoded versions of spirituality taught by the early Christian churches which are, to say the least, incomplete. We must now understand and apply in our daily lives the true teachings given to us by former world teachers

who came to assist humanity evolve their consciousness to the level of their Christhood.

Sananda works very closely with the Lemurian Brotherhood of Light of Telos, with Adama and the spiritual planetary hierarchy to resurrect the true teachings of the Christ consciousness initiated by him 2,000 years ago.

Embodiments of Lord Sananda

Sananda told me that he had many incarnations on the continent of Lemuria, but He was not specific. This great master had numerous embodiments on this planet before his last incarnation as Yeshua Ben Joseph, listed below.

- King David of the Old Testament. In that life, he worked closely with the prophet Samuel, who is one of the incarnations of our beloved Saint Germain.
- Joseph of Egypt, son of Jacob in the Old Testament, has some of the most interesting parallels to the life of Jesus. In Judaism, the Messiah was thought of as the son of Joseph as well as the son of David.
- Joshua, the one who led the Israelites into the Promised Land in the Old Testament.
- In his last incarnation, he embodied as Jesus. His real name was Yeshua Ben Joseph. This great master came to teach us that we have the power to create, heal and become the Christ as he demonstrated. He said, "These and greater things than these shall you do." (John 14:12) He demonstrated the power of God through His healings, His crucifixion and His resurrection. In that life, he was overshadowed by Lord Maitreya, the planetary Christ, whom he called "His Father," and indeed Maitreya was his spiritual "Father" and the great sponsor of his noble mission.

Embodiments of Lady Nada

- On Atlantis, Nada served as a priestess in the Temple of Love. The Sisterhood of that temple directed healing through love by the use of light rays for those who required and could receive them anywhere on Earth. That temple was patterned after a rose, each petal being a room. It still remains in the ethers, even to this day.
- Lady Nada was also a high priestess in the Temples of Isis and received her training in full mastery over several prior embodiments from that highly evolved "mystery school." These mystery schools no longer exist today; they will likely be restored in the new energy after the Ascension of the Earth into the fifth dimension.

- As Mary Magdalene, she incarnated with her beloved twin flame, Jesus, in his mission as the "embodiment of the Christ." She came to be his beloved companion to fully support his mission. Sananda told me that the account in the bible of the wedding at Cana is the true story of his official marriage to Mary Magdalene.

- It is extremely important for this Truth to be revealed now, that Mary Magdalene was a high initiate and priestess of the Sacred Fire during her lifetime with Jesus. She had a very high degree of evolutionary attainment. Along with Mother Mary, she was with Him to hold the energies of the Divine Feminine on his behalf during his ministry in the Land of Galilee and at his crucifixion. She was certainly NOT the "sinner and prostitute" as depicted by scholars of the early churches. This denial of the divine feminine is one of the greatest lies that has been unjustly imposed and imprinted on humanity's consciousness for the last 2,000 years.

She was unfairly discriminated against by the early "fathers of the church" in their attempt to subdue, once more, the energies of the divine feminine for generations to come. They sought to maintain control over what they feared the most, the energies of "Divine Mother," that Mary Magdalene represented at that time, along with Mother Mary, the mother, of Jesus. Both were very high initiates of the Temples of Isis and had the required attainment to hold that energy while Jesus was performing his Sacred Mission. It is time for humanity to open their hearts to the loving energies of Mary Magdalene, seeing her for who she really is and forgetting the lies maliciously invented against her.

The principle is the same for the bulb as it is for each of you in your life. Each year around Easter, the Flame of Resurrection is amplified in greater measure for over 40 days to create the miracles of spring for nature, for humans and for all life on the planet. The Resurrection Flame is also available the rest of the year to everyone to use and invoke. *It is limitless and free for the asking!* What better deal could you find on the Internet? Did you ever contemplate what makes all of nature suddenly wake-up for a new round of beingness in the spring? Of course, it is this wondrous golden flame!

Take now a moment to allow yourself to feel the Resurrection Flame burst within you. Invoke it fully until you can feel it. The simple affirmation, "I AM the Resurrection and the Life" was given to me by one of my mentors, the Great Divine Director, in my last incarnation prior to starting my public life in the land of Galilee. This was such a key for me and I was so grateful for the gift of this affirmation. With this simple sentence, I built a momentum of the Flame of Resurrection in my inner bodies to such an extent, that this very momentum allowed me to resurrect my body after the crucifixion.

Say it now aloud or silently in your heart three times. Now feel the current of hope alive within you, for within your heart you know that there is the seed of a divine plan and destiny waiting to burst forth and externalize itself, to make each of you, step-by-step, a Christed being. This seed in you is, by far, so much more powerful than the tiny kernel held within the pattern of the crocus or the early violet.

I am Sananda, together with Nada, we bless you and send you our Eternal Flame of Cosmic Love. Accept from us the gift of the Resurrection Flame and use it to discover its wonderful miraculous producing powers!

Prayer of Saint Francis

LORD, make me an instrument of Your peace.
Where there is hatred, let me sow Love.
Where there is injury, pardon,
Where there is doubt, faith,
Where there is despair, hope,
Where there is darkness, light,
And where there is sadness, joy.

DIVINE MASTER, grant that I may not seek
So much to be consoled as to console,
To be understood as to understand,
To be loved as to Love.
For it is in giving that we receive,
In pardoning that we are pardoned,
And in dying that we are born to eternal Life.

Say it each day three times and expect
a miracle of transformation!
